

Hope for a Better Future

During these unprecedented times, we find hope. This hope is instilled in our values and inspired by our mission. In the following annual report, we reflect on the past year with hope for what is yet to come.

Beyond the record number of gifts and donors, we are touched by the many stories of impact in 2019: Nebraskans coming together to help each other after historic flooding, another record-breaking Give to Lincoln Day, the installation of Chief Standing Bear's statue in the National Statuary Hall at the U.S. Capitol in Washington, D.C. – a gift commissioned through philanthropy.

These stories give us hope and perspective for the future. The more we understand each other's stories, the more we can take care of one another and build a world that is better for all of us.

The Board of Directors and staff of the Lincoln Community Foundation are proud to be the current keepers of this organization created with gifts of love. Now it is our time to continue to spread that love as we write the story for Lincoln's future.

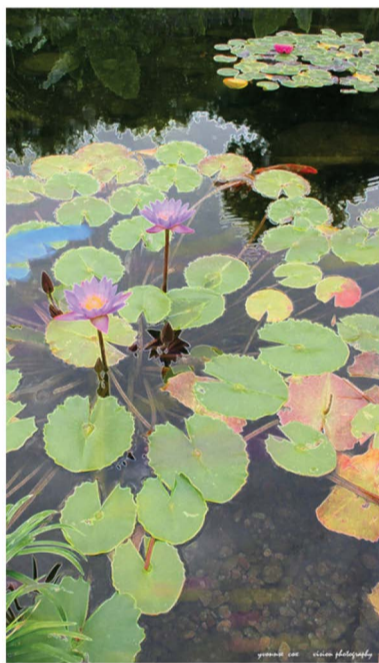

Please join as we reflect on the highlights of 2019 made possible by so many donors. May we continue to use our past accomplishments to lead us to better tomorrows.
